U.S. Representative

From healthcare to the war, from our energy costs to our economic crisis,

Allyson Schwartz is listening, leading and fighting for change.

In just two terms in office, our Congresswoman, Allyson Schwartz, has gained a reputation for fighting for our families, our businesses and our communities.

Allyson is a healthcare leader. She works every day to lower the cost of health insurance for our families and businesses, she supports expanding the Children's Health Insurance Program so that working families can purchase affordable healthcare for their children, and she is a leader in advancing health information technology which will keep us healthier and save taxpayer dollars.

Allyson is a champion for our veterans. She passed legislation to ensure that the loved ones of soldiers killed in action receive additional support and compensation, she voted to expand health coverage for our veterans, and she authored a newly enacted tax credit to help businesses to hire returning vets.

Allyson is a leading voice in demanding we reduce our dependence on foreign oil. She is taking on those companies that unfairly drive up the cost of energy, and she supports the development of home grown energy sources that will free us from foreign oil and create American jobs.

Our Congresswoman Allyson Schwartz: listening, leading, and fighting for change.
